CFD will be holding a Merit Badge University Weekend. Scouts will be able to register for only one merit badge. Each scout will be given every opportunity to complete the merit badge of their choice. Some merit badges will require prerequisites before this weekend. They will be listed on [www.capefeardistrict.org](http://www.capefeardistrict.org). We will also be offering our version of Trail Blazers. This will give the newly bridged scouts the opportunity to work on rank from Scout to First Class. Those who choose this option will not be able to take a merit badge. Troops can choose to make a day trip if they are unable to camp or a scout may independently attend for the day.
